

Mohammad Rehan Jirayat

Java Backend Developer

Belagavi, Karnataka, India — rehanjirayat@gmail.com — 9900422726

GitHub — LinkedIn

Professional Summary

MCA student focused on Java backend development with hands-on experience building database-driven applications using Core Java, JDBC, MySQL, Spring Boot, REST APIs, Spring Data JPA, Spring Security, testing, and layered architecture. Interested in building clean, maintainable, and production-oriented backend systems.

Technical Skills

Languages: Java
Backend: Spring Boot, REST APIs, Spring Data JPA, Spring Security, JDBC
Database: MySQL
Testing: JUnit 5
Architecture: MVC, Layered Architecture
Tools: VS Code, Eclipse, IntelliJ IDEA, Maven, Git, GitHub

Projects

FoodFlow Backend

GitHub

- Developed a Java backend project using Core Java, JDBC, and MySQL.
- Applied layered architecture to separate application responsibilities.
- Used Maven for project and dependency management.
- Added JUnit 5 tests for backend functionality.

Employee Payroll System

GitHub

- Developed an employee payroll application using Core Java and object-oriented programming.
- Used Collections, JDBC, and MySQL for application and data management.
- Applied layered architecture and Maven for maintainable project structure.
- Added JUnit 5 tests and managed the project using Git and GitHub.

Personal Portfolio

GitHub

- Built a full-stack developer portfolio using React, TypeScript, and Spring Boot.
- Implemented REST APIs for profile, skills, projects, education, and contact messages.
- Integrated Spring Data JPA with MySQL for persistent backend data.
- Implemented validation, CORS, API error handling, and frontend API integration.

Education

Master of Computer Applications (MCA)

2025 – 2027

Visvesvaraya Technological University (VTU), Belagavi, Karnataka, India

Status: Currently Pursuing

CGPA: 69

Bachelor of Computer Applications (BCA)

2022 – 2025

Bharatesh College of Computer Applications

Rani Channamma University (RCU), Belagavi, Karnataka, India

CGPA: 66
